Canada membership** fees through a Skate Can-
ada Club must pay an additional **\$30.70**.

GENERAL INFORMATION

CanPowerSkate is an action-packed, high energy instructional power skating program geared to hockey and ringette skaters that focuses on balance, power, agility, speed and endurance. Skills, techniques and conditioning drills are taught in a progressive format that emphasizes how the skills apply to game situations.

CanPowerSkate is geared to skaters aged approximately six or older who already have basic forward and backward skating skills (they must be able to skate the length of the rink using alternate strides) and are able to stop on command without the use of the boards. For safety reasons participants should wear full hockey/ringette equipment that is CSA approved.

CanPowerSkate is the only nationally regulated power skating program in Canada. It was developed by a team of hockey, figure skating and ringette experts to teach the fundamentals of power skating in a progressive and sequential manner.
